DR. STEVEN L. RINGLER & DR. BRADLEY BENGTON NAMED ONE OF THE BEST DOCTORS IN AMERICA®

December 7, 2009 — Grand Rapids, Michigan — Dr. Steven L. Ringler and Dr. Bradley Bengton, both from the Center for Aesthetics and Plastic Surgery have been named as one of the Best Doctors in America® for 2009-2010. This is the seventh time that Drs. Ringler and Bengton have earned this prestigious honor.

Compiled by Boston-based Best Doctors, Inc., the Best Doctors in America® database is the result of an exhaustive survey of more than 45,000 physicians in the United States. Only those doctors recognized to be in the top 3-5% of their specialty earn the honor of being named one of the Best Doctors in America®.

Over the last 15 years, Best Doctors has earned worldwide acclaim for its remarkable database of physicians. The Best Doctors database is the world's premier effort to create a validated, peer-reviewed database of excellence in medicine. The Best Doctors methodology is rigorously impartial and strictly independent. Doctors cannot pay to be included in the database and are not paid to complete the survey. The only way to be recognized as one of the Best Doctors in America® is for a doctor to earn high marks for clinical ability from his or her peers.

Ringler stated, "It's gratifying to know that so many of my peers recognized me as an expert in the field of plastic surgery."

About Best Doctors, Inc.

Best Doctors, Inc. is the world leader in connecting people with the best medical care.

Best Doctors services help dramatically improve quality of care by bringing the clinical knowledge of the world's top specialists to the problems of people with serious medical conditions. By making sure individuals get the right diagnosis and treatment the first time, Best Doctors reduces complications and avoids ineffective treatments—and as a result eliminates unnecessary spending. Founded in 1989 by doctors affiliated with Harvard Medical School to provide doctor-to-doctor consultations for complicated cases, Best Doctors has grown into an international company providing services to 10 million people in 30 countries.
